Service Request 12818, dated February 28, 1996, requests that a new data element to capture the license number associated with the current License/Certificate Code (EDB0711) and License Renewal Date (EDB 0712) be added to the Employee Data Base (EDB) and History Data Base. The following is a list of the modifications which have been made to the PPS to fulfill these requirements.

1. New EDB data element, D.E.# 0718 the License Number, has been added to the EDB Table PPPLCN. The EDB Entry/Update complex has been altered to accommodate it.

2. The EDB File Maintenance process has been modified to include the new data element in edits of the LI set transaction of which it is a part. Form UPAY816, the input form for the LI set transaction has been modified as well as the on-line entry update function ELIC.
3. A new EDB Inquiry screen, function ILCD, has been created to display all the data elements in table PPPLCN.

4. New HDB data element, the License Number, has been added to the HDB Table PPPLIC. The HDB Entry/Update complex has been altered to accommodate it.

5. The History Screens, HLIC, ULIC, and ILIC, now include the License Number field.

6. On-line Help has been modified to explain the new data element. In addition all the valid License/Certificate Code values on the Code Translation Table (CTT) are displayed when the EDB0711, License/Certificate Code, field help is invoked.
