Service Request 14296

Service Request 14296, dated April 24, 1996, asks that time-on-call (TOC) be removed as a trigger for the calculation of regular rate for premium overtime payments. The service request had also originally asked to “Remove the exclusion of perquisites from the development of the earnings set for ‘regular rate’ calculation.” As perquisites are appropriately being included in the regular rate calculation, Human Resources has withdrawn this requirement. Therefore, this release is only addressing the TOC trigger portion of the service request.

To fulfill these requirements, copymember CPLNKOTR and programs PPGRSAUP, PPGRSTIM, PPP390, PPRCGRSS have been modified.

DB2 Programs

PPGRSAUP
Code which set the time-on-call indicator flag has been eliminated.
PPGRSTIM
Code which set the time-on-call indicator flag has been eliminated

PPP390
Code which set the time-on-call indicator flag has been eliminated. Code which requires the time-on-call indicator flag to be set in order to compute a premium overtime rate has been eliminated.

PPRCGRSS
Code which set the time-on-call indicator flag has been eliminated. Code which requires the time-on-call indicator flag to be set in order to compute a premium overtime rate has been eliminated.

Copymember

CPLNKOTR
The time-on-call indicator has been deleted from this copymember.

Test Plan

A complete test plan is included with the release. Campuses are encouraged to use the base system test materials, as well as augmenting them with any desired local tests.

Installation Instructions

An Installation Instructions document in included with the release.

Timing of Installation

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.

If there are any questions or comments, please send electronic mail to Madelyn.Sano@ucop.edu, or call (510) 987-0465.
