Installation Sequence

Installation of this release requires the following steps.

1. Modify the following COPYMEMBERS.

   CPWSSWCH
   CPWSXIDC *

   *NOTE: The Campus Payroll Manager will determine the DOS values which must be added to copymember CPWSXIDC.

2. COBOL Program Installation

   a. Modify the modules identified in the table below.

   b. Pre-compile, compile, link and bind the programs identified in the table below. This table includes all NEW and MODIFIED programs which must be compiled and indicates whether DB2 precompilation is necessary. Programs which have “BATCH” under the column heading “Compile” must be compiled once and linked into the batch library (LOADLIB). Programs which have “DUAL” under the column heading “Compile” must be compiled and linked into both batch and on-line load library (LOADLIB and OLOADLIB). If a BIND is required, it is indicated in the table under the heading “Bind”.

   c. Pre-compile, compile, link and bind the programs identified in the table below. This table includes all UNMODIFIED programs which must be compiled and indicates whether DB2 precompilation is necessary. Programs which have “BATCH” under the column heading “Compile” must be compiled once and linked into the batch library (LOADLIB). Programs which have “DUAL” under the column heading “Compile” must be compiled and linked into both batch and on-line load library (LOADLIB and OLOADLIB). If a BIND is required, it is indicated in the table under the heading “Bind”.
