TEST PLAN FOR RELEASE 1148

Severance Pay Screens

October 15, 1997

Information Systems and Administrative Services
Office of the President
University of California
Testing the correct installation of the IHSP and ISSP screens in the on-line EDB Inquiry system requires that the test CICS region data base include employees with SPP table entries for both the Senior Management and Health Sciences Severance Pay Programs. At least one employee in each program should have had a pay out.

**Verification**

1. Log on to CICS. From the main menu key in function IEDB. The Central Menu screen appears. Verify that options ISSP and IHSP appear on the lower right hand side of the Central Menu screen. Key in the ID number of an employee who has received a Senior Management Severance Pay pay out, position the cursor on the ISSP function and hit enter. A PPISSP0 screen similar to the example below should appear.
