Error Report 1741

PPEC130 performs various Citizenship Status Code related edits. One edit disallows Student Status Codes of '1', '2' or '5' when the Citizenship Status Code is 'S'. Employee Reject message 08-441 is issued.

The AND/OR coding of the conditional edit was not structured properly, resulting in invalid error results. Student Status Code of '1' was correctly blocked when Citizenship Status Code was 'S'. However, Student Status Codes of '2' or '5' were blocked regardless of Citizenship Status Code, and message 08-441 was issued.

Programs

2. Install the modified version of PPEC130.
3. Repeat the tests in 1. Student Status '1' should continue to be allowed for an employee with a Citizenship Status Code other than 'S'. Student Status Codes '1', '2' or '5' should be rejected with message 08-441 when the Citizenship Status Code is 'S'. Student Status '2' or '5' should now be allowed for an employee with a Citizenship Status Code other than 'S'.
