Release 1360

Service Request 15258

Add FLSA Indicator to the CPS/BCS Interface File

TEST PLAN

PPP712 is a batch program. This Test Plan demonstrates that the newly added EDB 2005 field is now contained within the TRNS712 (FCP Appointment Out) file (position 65).

1. PAYDIST.R1360.JCL(LOADCTL)
   This loads the CTL DB2 Data Base
   Verify normal completion.

2. PAYDIST.R1360.JCL(LOADEDB)
   This loads the EDB DB2 Data Base
   Verify normal completion.

3. PAYDIST.R1360.JCL(RUN250)
   Lists Employee ID: 000050001 and 000050002.
   This shows the DB2 Table contents for EDB 2005. This is the field being added to the PPP712
   output file.

4. PAYDIST.R1360.JCL(RUN712)
   This runs the new PPP712. The output TRNS712 (FCP Appointment Out) file now has the new field.
   A Fileaid run lists the TRNS712 file, and is in PAYDIST.R1360.REPORTS(RUN712).
