Service Request 80496

Service Request 80496 requests modifications for Title Unit Code for Housestaff Association unit, “M”. The PPS TCT Update process should be modified to append the appropriate location code to the generic Title Unit Code for the Housestaff Association unit, “M”. This process should be modeled after a similar process that appends the location code to the TUC for Academic titles.

Programs

PPCTTCIE
This is the Title Code Table (TCI) edit program. It was modified to append the appropriate location code from the CCR (Campus Control Record) table to the “M” Title Unit Code and “M” Related Unit as it is done for the “A and “Z” units.

Test Plan
An installation Test Plan is provided with this release. It is a before and after test so that the first part of the test should be performed before installing the changed program.

Installation Instructions
Install, compile and link the modified program listed in the following table.
Bind the plan listed in the following table.
