1.0 Overview
To facilitate the reporting and tracking of staff severance payments and subsequent payback, HR&B requests the following enhancements and modifications:

- creation of four new data elements to record severance pay out and severance recovery
- modification to EDB and History screens to accommodate the new data elements
- update of layoff reporting to reflect severance payments

2.0 Background
New staff personnel policy governing layoff, reduction in time, and severance pay includes a provision for a staff severance payment in the event of layoff or involuntary reduction in time. As of July 1, 2003, employees may select severance payment in lieu of preferential rehire and recall. In addition, the policy defines rules for severance reimbursement upon rehire within a specified period:

**J. SEVERANCE PAY**

A regular status employee who has been laid off indefinitely or whose time has been reduced indefinitely shall have the option of severance pay in lieu of preference for reemployment and the right to recall.

When an employee elects severance pay in lieu of preference for reemployment and the right to recall, the following guidelines apply:

1. Payment Schedule: An employee who elects severance pay in lieu of preference for reemployment and the right to recall shall be paid a lump sum amount of one week (5 workdays) of salary for each full year of service from the most recent break in service, up to a maximum of 16 weeks of base pay.

An employee whose time has been reduced indefinitely and who elects severance pay in lieu of preference for reemployment and the right to recall shall receive severance pay for the percent of time reduced in accordance with the payment schedule above.

2. Repayment: An employee who has received severance pay under this policy and who returns to work in a career position with the University at the same or higher salary and at the same percentage of time as the position held at the time of layoff shall repay to the University any portion of severance pay received that is in excess of the time the employee was on layoff status.

Applicability: Professional and Support Staff (Personnel Policies for Staff Members, 60 - Layoff and Reduction in Time from Professional and Support Staff Career Positions, July 1, 2003)

Subsequently, some unions have negotiated specific language to govern layoff and severance policies for their bargaining units:

**Technical Unit (TX) - Article 12**

Severance - Effective July 1, 2003 through the Duration of the Agreement, but in any case, no later than June 30, 2005

A career employee who has received her/his notice of indefinite layoff may elect, in writing, to receive severance pay in lieu of preferential rehire and recall rights with reduced severance, within fourteen (14) calendar days of receipt of the notice of layoff. Election is irrevocable. Each campus department shall, in each instance of layoff, not reduction in time, offer severance in lieu of preferential rehire and recall rights with reduced severance to all employees in the department affected by the layoff.

Severance pay shall be in accordance with the following:
1. Employees receive one week of salary for each full year of service from the most recent break in service up to 16 weeks of pay.

2. Employees who are laid off following a reduction in time that occurred within 60 calendar days of the layoff notice shall be eligible for severance, or reduced severance, on the basis of their percentage of appointment just prior to their reduction in time.

Reduced Severance (with Preference and Recall)

A career employee who has received her/his notice of indefinite layoff may elect, in writing, to receive preferential rehire and recall rights with reduced severance, as an alternative to severance ... within fourteen (14) calendar days of receipt of the notice of layoff. Election is irrevocable. Each campus department shall, in each instance of layoff, not reduction in time, offer severance in lieu of preferential rehire and recall rights with reduced severance to all employees in the department affected by the layoff.

Reduced severance pay shall be in accordance with the following

1. Employees with less than five (5) years of service receive no reduced severance.

2. Employees with five (5) or more years of service receive four (4) weeks or 20 work days, based on 8-hour days, reduced severance.

3. Employees with 13 or more years of service receive eight (8) weeks or 40 work days, based on 8-hour days, reduced severance.

4. Employees who are laid off following a reduction in time that occurred within 60 calendar days of the layoff notice shall be eligible for reduced severance on the basis of their percentage of appointment just prior to their reduction in time.

HR&B anticipates that other unions will similarly negotiate bargaining unit specific terms for layoff and severance policies. Therefore, any system enhancements designed to address layoff and severance data should be sufficiently generalized and flexible to accommodate variance in policy and contract implementation.

3.0 PPS Modifications

3.1 Data Elements

New severance policies and bargaining unit specific layoff articles require the creation of four new data elements:

1. Staff Severance Amount Paid (Attachment A)
   Valid values for this field are dollar amounts in format nnnnnn.nn.

2. Staff Severance Pay Number of Days (Attachment B)
   The number of working days that the severance payment represents. The value for this field should be a two-digit number from 00 to 80 (00, 01, 02 … 78, 79, 80).

3. Staff Severance Payback Indicator (Attachment C)
   Indicates whether the employee will be subject to severance repayment upon future rehire or recall, per the staff policy or bargaining unit contract in force at the time of layoff. Valid values are ‘Y’, ‘N’, and blank.

4. Staff Severance Payback Amount (Attachment D)
   The amount of previously paid severance that must be repaid to the University, per the policy or bargaining unit contract. Valid values for this field are dollar amounts in format nnnnnn.nn.
When applicable, the HR/Labor Relations user will enter the 'Staff Severance Amount Paid', 'Staff Severance Pay Number of Days', and 'Staff Severance Payback Indicator' at the time of layoff. Upon rehire, if it is determined that the employee must pay back a portion of the severance received, the user may enter a value for the 'Staff Severance Payback Amount'.

Users should be able to enter and update multiple sets of severance data (each set being comprised of the four individual data elements above). Each set of severance data should be associated with its corresponding set of layoff data.

3.2 EDB Screen Modifications

3.2.1 ELOF Entry/Update Screen Modifications

The four new data elements should be added to the ELOF Entry/Update Layoff Data screen as part of a more general redesign of this screen (see Attachment E). It is suggested that the redesigned ELOF screen include the following modifications:

1. The screen should no longer display a second set of entry fields.
2. The four new data elements should be added, per the suggested layout. Online help links should be provided for the new elements.
3. Data elements “Recall Rights - Terminate Suspend Date” (EDB 0469) and “Recall Suspension/Termination Reason Code (EDB 0472), group-labeled ‘Trm/Sus Beg/Rsn’, should be expanded to two separate lines and relabeled ‘Term/Suspend Date’ and ‘Suspend Reason’.
4. Data elements “Preferential Rehire Rights - Terminate Suspend Date” (EDB 0465) and “Preferential Rehire Suspension/Termination Reason Code (EDB 0471), group-labeled ‘Trm/Sus Beg/Rsn’, should be expanded to two separate lines and relabeled ‘Term/Suspend Date’ and ‘Suspend Reason’.
5. Data elements ‘Recall Rights Suspension End Date’ (EDB 0470) and ‘Preferential Rehire Rights Suspension End Date’ (EDB 0466), both currently labeled ‘Sus End’, should now be labeled ‘Suspend End’.

3.2.2 ILOF Inquiry Screen Modifications

The four new data elements should be added to the ILOF Inquiry Layoff Data screen as part of a redesign of this screen (see Attachment F). It is suggested that the redesigned ILOF screen include the following modifications:

1. The screen should no longer display a second set of inquiry fields.
2. The four new data elements should be added, per the suggested layout. Online help links should be provided for the new elements.
3. Data elements “Recall Rights - Terminate Suspend Date” (EDB 0469) and “Recall Suspension/Termination Reason Code (EDB 0472), group-labeled ‘Trm/Sus Beg/Rsn’, should be expanded to two separate lines and relabeled ‘Term/Suspend Date’ and ‘Suspend Reason’.
4. Data elements “Preferential Rehire Rights - Terminate Suspend Date” (EDB 0465) and “Preferential Rehire Suspension/Termination Reason Code (EDB 0471), group-labeled ‘Trm/Sus Beg/Rsn’, should be expanded to two separate lines and relabeled ‘Term/Suspend Date’ and ‘Suspend Reason’.
5. Data elements ‘Recall Rights Suspension End Date’ (EDB 0470) and ‘Preferential Rehire Rights Suspension End Date’ (EDB 0466), both currently labeled ‘Sus End’, should now be labeled ‘Suspend End’.
3.2.3 IDOC Modifications
The three severance payment data elements, ‘Staff Severance Amount Paid’, ‘Staff Severance Pay Number of Weeks’, and ‘Staff Severance Payback Indicator’, should be added to the IDOC Layoff Separation Document in the “LAYOFF INFORMATION” section. See Attachment G for suggested layout.

3.2.4 EDB Web Screen Modifications
There are no requested changes to EDB Web Inquiry at this time. HR&B will submit separate requirements for the addition of layoff data, including new severance data, to EDB Web Inquiry.

3.3 History Modifications

3.3.1 IOFF Screen Modifications
The four new data elements should be added to the IOFF History Inquiry Layoff Data screen, with an online help link provided for each element. See Attachment H for suggested layout.

3.3.2 HLOF Screen Modifications
The four new data elements should be added to the HLOF Layoff Data History Screen. See Attachment I for suggested layout.

3.4 File Maintenance Edits

3.4.1 Range and Value Edits
Valid values for the ‘Staff Severance Pay Number of Days’ data element are two digit numbers from 00 through 80. If an illegal value is entered on the ELOF Entry/Update screen, the transaction should be rejected and the following error message should be issued:

“Field out of range or illegal value”

Valid values for the ‘Staff Severance Payback Indicator’ data element are ‘Y’, ‘N’, and blank. If an illegal value is entered, the transaction should be rejected and the following error message should be issued:

“Field out of range or illegal value”

3.4.2 Consistency Edits
Six consistency edits should be added to the file maintenance process:

- If a value is entered for the ‘Staff Severance Amount Paid’ element, and the ‘Staff Severance Pay Number of Days’ data element is null, the system should issue the following error message with a severity level ‘7’ (‘Employee Reject’) online and ‘5’ (‘Transaction Reject’) in batch:

  “Indicate the severance pay number of days”

- If a value is entered for ‘Staff Severance Pay Number of Days’ but the value for the ‘Staff Severance Amount Paid’ is null, the system should issue the following error message with a severity level ‘7’ (‘Employee Reject’) online and ‘5’ (‘Transaction Reject’) in batch:

  “Indicate the severance amount paid”

- If a value is entered for ‘Staff Severance Payback Amount’, and the value of ‘Staff Severance Payback Indicator’ is ‘N’ or ‘blank’, the system should issue the following error message with a severity level ‘7’ (‘Employee Reject’) online and ‘5’ (‘Transaction Reject’) in batch:
3.5 Batch Entry
The program should include the ability to enter data in batch, such as via a UPAY form. It is noted that the existing Layoff Administration Worksheet (UPAY781) does not appear to have any available columns, so it might be necessary to create an additional form for the new severance pay data elements.

4.0 PAN
The four severance data elements (‘Staff Severance Amount Paid’, ‘Staff Severance Pay Number of Days’, ‘Staff Severance Payback Indicator’, ‘Staff Severance Payback Amount’) should be added to the list of ‘Layoff’ triggers that generate a PAN (Post Authorization Notification). Both the CICS and Web PANs for layoff data should be modified to include the severance data elements. Changes to severance data element values may be flagged using the methods currently in place for CICS (asterisks) and Web PAN (color-coding).

Please see Attachments J and K for suggested layouts.

5.0 Reporting
Report 862, Layoff Status Report, should be modified to include the four new data elements (‘Staff Severance Amount Paid’, ‘Staff Severance Pay Number of Days’, ‘Staff Severance Payback Indicator’, ‘Staff Severance Payback Amount’). The new report should contain the following data elements:

First line:
- Employee Name (EDB 0105)

- Layoff Percent Time (EDB 0479)
See Attachment L for the suggested report layout.

6.0 Timing

The requested modifications are not date mandated. Because campuses are currently commencing severance payments, HR&B requests that the program be released as soon as possible so that campuses can use it to facilitate severance administrative processes.
