Four error reports are being addressed in this release.
- Error Report 1993 --- Missing Compile date in the report heading. This error report affects 2 programs.
- Error Report 1995 --- The Title Code Report reflects obsolete step information for academic titles only.
- Error Report 2008 --- Rate Set date reflects an incorrect date for academic titles only.

Programs

PPCTR33
This program creates a report to detail Title Code Table attributes for each Pay Title Code.

This program is being changed to correct the following Error reports:
- Error Report 2008. Rate Set date reflects an incorrect date for academic titles only.

Report

The format of Report PPP0433 will not change as a result of this release. However, the content of this report will reflect the code corrections.
This program produces the Salary Grade Table report.

This program is being changed to correct the following Error reports:

Report

The format of Report PPP0434 will change as a result of this release. The Personnel Program column will no longer be appearing on this report. The remaining columns have been shifted to the left.

Installation Instructions

1. COBOL Program Installation

   At UCOP, all COBOL programs pass through the DB2 pre-compiler, whether or not the program contains embedded SQL, to resolve INCLUDE references. Your site may have different requirements.

   - Compile and link DB2 programs PPCTR33 & PPCTR34.

2. Bind plan PPP004.

3. Execute the suggested testing and verification steps described in the accompanying Test Plan document for the corrections to the Control Table reports.

4. Perform any desired additional campus testing.

5. Install modified programs PPCTR33 & PPCTR34 into production.

Timing of Installation

The installation of this release is Not Urgent. However as usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.
