Error Report 2045

An error report was filed to report that logic that controls the field attributes for the Special Training Indicator field was inconsistent.

Research into this report did find the inconsistency in assigning of field attributes for the Special Training Indicator with the program.

Note that this error will only cause a problem if a campus elects to make the Special Training Indicator a non-enterable field on the EPER screen. Since base PPS expects this field to be enterable, this problem did not show up in testing

Program:

PPWEPER
This program supports the Personnel-Miscellaneous screen. The program has been modified to correct the assignment of attribute values of the Special Training Indicator field.

Test Plan

This modification was tested at UCOP by changing the DES_SCREEN_ID field on the PPPDES table to ‘Y’ for field EDB0385 and the field attribute to ‘1’, protected, for map PPEPER0.

With the release 1710 version of PPWEPER, it was possible to update the Special Training Indicator. With the corrected version of PPWEPER, the cursor skips over the field.
**Installation Instructions**

1. **COBOL Program Installation**

   At UCOP, all COBOL programs pass through the DB2 pre-compiler, whether or not the program contains embedded SQL, to resolve INCLUDE references. Your site may have different requirements.

   **Note:** "DUAL" programs must be compiled twice and linked into batch and online libraries ("LOADLIB" and "OLOADLIB" respectively). "CICS" programs must be CICS pre-compiled and compiled once and linked into OLOADLIB. "BATCH" programs must be compiled once and linked into the batch LOADLIB only.

   a) Modify, install, compile and link the modified program listed in the following table.

<table>
<thead>
<tr>
<th>PROGRAM</th>
<th>DB2 Pre-Compile</th>
<th>Compile</th>
<th>Package Bind?</th>
<th>Done?</th>
</tr>
</thead>
<tbody>
<tr>
<td>PPWEPER</td>
<td>YES</td>
<td>CICS</td>
<td>YES</td>
<td></td>
</tr>
</tbody>
</table>

**Timing of Installation**

The installation of this release is **Not Urgent**.

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.

If there are any questions, please send electronic mail to Robert.Glaser@ucop.edu, or call (510) 987-0454.
