This release addresses the following Error Report:

**Error Report 1892**

The error report produced by PPP446 has the same report ID as the main report. The program requires modification to use a different report ID for the error report. The rollback code needs to be removed since the program does not perform any updates.

**Programs**

**PPP446**

This program produces the Union Business Leave Report. The program has been changed to use the correct report ID and display the report title in the Error and Warning Messages Report. The program has also been modified by removing the rollback code.
