This release addresses the following Service Request(s):

**Service Request 82743**

As per Service Request 82743, transactions generated by the PIP Open Enrollment process, should be made available to campuses as part of the ‘advance’ CTL updates to establish new values in the PPS Benefits Rates Table.

Service Request 82743 provides the following background information:

“Deloitte has created a file of 2010 benefits rates. PIP Open Enrollment SR82713 requests that update transactions be produced for the Payroll system. This Service Request asks that these Benefits Rates Table (BRT) update transactions generated from the PIP (Payroll Interface Process) Open Enrollment process be applied.”

**Service Request 82784**

As per Service Request 82784, the Benefits Rate Table should be modified to reflect the new rates for the Accidental Death and Dismemberment (AD&D) to be effective January 1, 2010. The AD&D transactions should be made available to campuses as part of the ‘advance’ CTL updates to establish new values in the PPS Benefits Rates Table.

In order to fulfill the above service requests, CTL update transactions are available on the Payroll FTP site.
