This release addresses the following Service Request(s):

**Service Request 83028**

As per Service Request 83028, the existing rates for the employer contribution rate for the California Public Employees Retirement System, State Miscellaneous Member First Tier, is changing as of July 1, 2010. The new rates should be made available to campuses so that they can update their System Parameters Table with the new rates which are as follows:

- PERS Employer Contribution Rate: 19.922
- PERS FICA Employer Contribution Rate: 19.922

**Service Request 83043**

Service Request 83043 asks PPS to update the Gross-To-Net Table to reflect the new 2010/2011 CalPERS 1959 Survivor Rate. The new rate must be in place in time to affect the compute process for July 2010 earnings.

In order to fulfill the above service requests, CTL update transactions are available on the Payroll FTP site.
Table Updates

System Parameters Table
SR83028 has provided the transaction to update PERS Employer Contribution Rate and PERS FICA Employer Contribution Rate to 19.922, effective with July 2010 earnings.

Gross-To-Net Table
SR83043 has provided the Gross-To-Net Table update transactions for the CalPERS 1959 Survivor Rate change, effective July 1, 2010.

Note: This GTN table update is used in the EDB update process for the value/range edit when setting up the CalPERS 1959 Survivor benefit deduction. Therefore, changing the value on the GTN table will not automatically update the existing employee values on the EDB. This note is to remind the campuses to update the existing employee values on the EDB manually.

Installation Instructions
Execute PPP004 to update the following DB2 CTL tables with release transactions.

1. System Parameters Table (01) – Use the transaction in CARDLIB(PRMPROD).
   Please review the transactions carefully. Table entries for Parameter numbers 1 -299 are reserved for Base. Table entries for Parameter numbers 300 – 369 are reserved for the campus.

2. Gross-To-Net Table (02) – Use the transactions in CARDLIB (GTNPROD).

Timing of Installation

The timing of this release is date mandated.

The rate changes must be applied to the control tables as below:

1. After the processing of June earnings has been completed
2. Before the processing of any computes with July earnings

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence. As always, these updates should be applied to production data only as approved by your campus Payroll Manager.
