This release addresses the following Service Request:

**Service Request 83593**

Service Request 83593 notes that the prior year OASDI rates need to be updated to reflect the 2011 employee deduction rate of 4.2% and the employer contribution rate of 6.2%.

These two rates are used by expense distribution to calculate the appropriate employer contribution amount for earnings that were paid in 2011; earnings that were paid in 2012 will use the current OASDI rates for 2012.

**Table Updates**

System Parameter Table
SR83593 has provided the prior year OASDI rates for parameters 005 (employer contribution) and 006 (employee deduction).

**Installation Instructions**

1. Execute PPP004 to update the System Parameter Table (control table 01) with the release transactions:
   PAYDIST.R2012.CARDLIB(PRMPROD)

**Timing of Installation**

The timing of this release is urgent. The rates must be in place for December Month End expense distribution.

As usual, campuses are encouraged to install this release in as timely a fashion as possible.
