This release addresses the following Service Request:

**Service Request 83882**

Service Request 83882 asks for modifications to PPS so that dues and fees are no longer calculated or reported for PostDoc Paid-Direct (title 3254) non-PPS earnings. UAW Local 5810 representing the post-doctoral scholars bargaining unit PX has requested that the $.07 service fee assessed in the Standard Union Deduction Report is charged only for post-docs who have dues or fees actually remitted. In order to accommodate this request, the union was advised that title code 3254 PostDoc Paid Directs would no longer be reported on the Standard Union Deduction Report. This can be accomplished by changing the pay category of DOS code PDE from ‘E’ to ‘S’ (suspense).

**Program**

**PPOROVPY**

PPOROVPY processes overpayments for ORCA processing. It was modified to correctly handle the new PDE DOS values.

**Table Updates**

**Description of Service Table**

R2124 has provided the Description of Service Table transaction. Locations will use this transaction to update their Description of Service Table (Control Table 10) for DOS code PDE for PostDocs Paid Directs.
Installation Instructions

COBOL Program Preparation
At UCOP, all COBOL programs pass through the DB2 pre-compiler, whether or not the program contains embedded SQL, to resolve INCLUDE references. Your site may have different requirements.

Install, compile and link the following modified program:
