This release addresses the following Service Request:

**Service Request 100613**

Service Request 100613 provides the following background information:

“ERIT was deployed in June 2011 as PPS Release 1983 and ran from July 1, 2011 to June 30, 2012. It closely resembles the predecessor program START which expired December 31, 2010. ERIT was again extended by PPS Release 2038 to June 30, 2014.

UCOP HR Policy has proposed extending ERIT until June 30, 2017. Public comment on the proposal is underway and concludes June 13, 2014. Approval of the extension is anticipated. PPS modification should begin in advance so as to permit locations to extend ERIT participation prior to the expiration of existing distributions.”

Service Request 100613 asks for changes to support the extension of ERIT to June 30, 2017.
