

Supported Browsers for PPS Web Applications

Last Updated June 14, 2010

The suite of PPS Web applications is intended to be viewed and accessed by [Microsoft Internet Explorer 7.0+](#) or [Firefox 2.0+](#) web browsers with a minimum screen resolution of 1024 by 768 pixels. Periodically we review browser versions to ensure they meet our security and functionality requirements, and we reserve the right to block certain browser versions from entry to the site. Although you may be able to use other browsers to access the site, you do so at your own risk.
