- PROCESS ID:** ID must exist on Retroactive Process Group Table
- ACTION CODE:** 'T' - Write RA transaction file and reports. If spaces, it will default to "T".
 'R' - Write reports only. RA transaction file will not be created.
- BATCH NO:** Batch Number for header record of RA transaction files. Required if Action Code is 'T'.
- COMP LIMIT:** Compression limit. If an employee has more than this number of transactions on the RRA table, an attempt will be made to compress multiple transactions into single transactions based on matching criteria. Matching criteria is ID, FAU, Title Code, DOS Code and Pay Rate Type. Not required. If compression not wanted, either spaces or '000' will result in no compression.
- PAY END DATE:** Pay End Date for compressed RA transaction. Required if Comp Limit is above zero.
- DEFAULT FAU:** For transactions with FAUs indicating federal funding, a default FAU can be designated to replace the transaction FAU. Not required.
